

CONSIDERING A REMODEL PROJECT?

WE CAN HELP

Cranbury Design Center specializes in the design, delivery and installation of your custom home spaces including kitchens, baths, libraries and offices. We also can work with your builder or architect — all done with the flexibility and custom solutions you may need.

Please contact one of our design professionals who will meet with you to discuss your project,

listen to your ideas and provide an estimate of what your project will cost. Our project management team helps keep your project on schedule and within budget.

Come into our showroom to see our kitchen & bath displays, and visit us online for more information regarding our services.
